Progress on Delft-FEWS 2017.02 Roadmap developments

The Delft-FEWS development team is working on hard on the first batch of developments planned in the Delft-FEWS development roadmaps for 2017.02. There are 3 development roadmaps each with a specific focus. [Read more..](#)

CSB updates

The CSB invites clients to provide input for the upcoming meetings

Do you have an interesting topic that really needs to be discussed in the CSB? Then please share this with your regional CSB representative or with Deltares. We will bring this up in one of our meetings and we will invite you to join and explain the topic (if you want). [Read more..](#)

International projects

Delft-FEWS around South America

Since the first Delft-FEWS operational system in South-America, developed for Salto Grande and completed in 2013, a lot has been

going on in the region, surely worth a short recap, in case you have missed the last episodes. [Read more..](#)

The first lustrum of the Australian Delft-FEWS User Days is coming up on 2 - 4 May 2018. Every year, this event brings together the Delft-FEWS users of Australia and Asia to share their experiences and ideas, but users from anywhere in the world are welcome. [Read more..](#)

Blog

The Delft-FEWS blog is a regular item in this newsletter. This blog post is written by Matthijs Lemans; the next edition of this newsletter will contain a blog post by Arnejan van Loenen.

5 years of 'Making North-American Hydrological Forecasting great again...'

Now we are rapidly approaching the holiday season, and our calendars are full of conflicting Christmas parties, we typically take time for some sort of reflection. Allow me to use this blog for a personal as well as a more intercontinental hydrological contemplation, now I am transitioned back in Delft after 5 year working for Deltares USA. [Read more..](#)

FEWS Flash

In addition to the English, German and Spanisch Delft-FEWS brochure there is now a [Chinese version](#) available on the [portal](#). In the beginning of 2018 we expect to upload the French version.

A new Delft Software Days movie was made during the Delft-FEWS userdays in October. If you like to see this 2 minute film starring also some Delft-FEWS users, [click here..](#)

We invite you to send your copy for the next edition to this [email address](#) before Monday the 19th of March 2018.
