

# Dam operations workshop #1

## Operational setup of Delft-FEWS for dam operators

# Dam operations: Workshop 1

## Operational setup of Delft-FEWS for dam operators

### Workshop aim:

- 1. Fact finding/benchmarking:** How are other organisations using Delft-FEWS for dam operations?
- 2. Understanding the Delft-FEWS dam operator community:**
  - What types of dams are being operated with the assistance of Delft-FEWS
  - Purpose of operations
  - Negative impacts of operations
  - Other tools used for decision making

# Who's is who in the room

## 1. Around the room: introductions

Suggested talking points

- “Day job”
- Operational job
- Delft-FEWS Configurer?
- Delft-FEWS User?
- What is you interest in dam operations?
